Address from the Chairman

理事长致辞

2021 年是历史性的一年。中国顺利实现全面建成小康社会的第一个百年目标，开启了建设社会主义现代化强国的第二个百年目标新征程。过去一年来，在国务院发展研究中心领导下，在各有关方面大力协助下，中国发展研究基金会深入开展国际交流、政策研究、社会试验等各项工作，继续取得一系列丰硕成果，亮点纷呈。

我们持续深化与中国各级政府、中外企业、国际组织、研究机构的合作，搭建高水平交流平台，成功举办中国发展高层论坛 2021 年会、第三届中国儿童发展论坛、第七届反贫困与儿童发展国际研讨会、“营养改善计划十周年”国际研讨会、第十八届“构建 21 世纪金融体系”中美研讨会等活动，以交流促理解，以沟通促合作，以对话促发展。

我们持续关注欠发达农村地区儿童发展，发起成立儿童发展基金，重点与贵州省各级政府及有关部门合作，大力推进毕节试验区“农村儿童发展综合示范区”项目落地。我们与教育部财务司合作，开展“农村义务教育学生营养改善计划”十周年调查评估工

作，直接推动提高学生营养膳食补助国家基础标准政策的出台。

我们紧紧围绕国家大政方针，以共同富裕为主题开展新一期《中国发展报告》研究。我们高质量开展 ESG 投资、中美经贸关系前景、农村社会事业发展评价、慢性病管理、现代财政治理体系建构、绿色发展、大数据赋能公共治理、国际发展援助等研究项目，产生了良好的政策和社会影响。

行而不辍，履践致远。2022 年，中国发展研究基金会将继续践行“支持政策研究、促进科学决策、服务中国发展”的宗旨使命，巩固工作基础，持续开拓创新，为服务中国经济社会发展、促进中国与世界交流作出新的更大贡献！衷心感谢社会各界对中国发展研究基金会的大力支持！

The year 2021 is a historic year. China has successfully achieved the First Centenary Goal of building a moderately prosperous society in all respects and started a new journey to the Second Centenary Goal of building China into a great modern socialist country. Over the past year, under the leadership of the Development Research Center of the State Council and with the great support of all relevant parties, the China Development Research Foundation (CDRF) has carried out in-depth international exchanges, policy research, social experiments, and other work, and continued to achieve a series of fruitful results with many highlights.

We continued to deepen cooperation with the Chinese government at all levels, Chinese and foreign enterprises, international organizations, and research institutions, and build high-level exchange platforms. We successfully held the China Development Forum 2021, the 3rd China Child Development Forum, the 7th International Conference on Poverty Reduction and Child Development, the International Symposium on the 10th Anniversary of the Nutrition Improvement Plan, and the 18th China-US Symposium on Building the Financial System of the 21st century, promoting understanding through exchange, cooperation through communication, and development through dialogue.

We continued to emphasize child development in underdeveloped rural areas, launching the China Children Development Fund, and in particular focused on working with all levels of governments in Guizhou Province and relevant departments to promote the implementation of the “Rural Child Development Demonstration Zone in Bijie Pilot Area”. We worked with the Department of Finance of the Ministry of Education to conduct an assessment survey on the 10th anniversary of the “Nutrition Improvement Plan of Rural Compulsory Education Students” and directly promoted the introduction of the policy to raise the national basic standard for school meal subsidies for students.

We closely followed major policies and conducted research for the new issue

of China Development Report with the theme of common prosperity. We unfolded high-quality research projects on ESG investment, the outlook of US-China economic and trade relations, evaluation of the development of rural social work development, chronic disease management, the construction of a modern fiscal governance system, green development, big data-enabled public governance, and international development assistance, which have produced benign policy and social impacts.

The path is long and difficult, but we can reach our goal as long as we keep our stride. In 2022, the CDRF will continue to fulfill its mission to “advance good governance and public policy to promote economic development and social progress”, consolidate the foundation of its work, continue to expand and innovate, and make new and greater contributions to serving China's economic and social development and promoting exchanges

between China and the world. We sincerely thank all sectors of society for their support to the China Development Research Foundation!
