理事长致辞

Chairman's Address

中国发展研究基金会理事长
Chairman of the China Development
Research Foundation

张军扩
ZHANG Junkuo

2025 年，在国务院发展研究中心的坚强领导下，在社会各界的关心支持下，中国发展研究基金会坚持以习近平新时代中国特色社会主义思想为根本遵循，秉持“支持政策研究、促进科学决策、服务中国发展”的宗旨，在国际交流、社会试验、政策研究等领域守正创新、积极作为，各项工作取得新进展、新成效。

我们承办中国发展高层论坛 2025 年年会。本届论坛年会以“全面释放发展动能，共促全球经济稳定增长”为主题，中共中央政治局常委、国务院总理李强出席开幕式并发表主旨演讲。论坛汇聚国内外企业家、政府官员、专家学者和国际组织代表，围绕新质生产力、人工智能、绿色转型等 12 个专题进行深入交流。

In 2025, under the strong leadership of the Development Research Centre of the State Council and with the support from all sectors of society, the China Development Research Foundation (CDRF) upheld fundamental principles and broke new ground in all our initiatives, including international exchanges, social programmes, and policy research. We followed the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, and kept our work in alignment with our mission to “Advance Good Governance and Public Policy to Promote Economic Development and Social Progress”.

We organised the China Development Forum 2025, with the theme “Unleashing Development Momentum for Stable Growth of Global Economy”. Li Qiang, a member of the Standing Committee of the Political Bureau of the CPC Central Committee and Premier of the State Council, delivered the keynote speech at the opening ceremony. The forum brought together entrepreneurs, government officials and scholars from both home and abroad, as well as representatives from international organisations, to engage in in-depth discussions across 12 symposiums, including new quality productive forces, artificial intelligence, and green transition.

我们积极开展国际交流，举办第九届儿童发展国际研讨会，汇聚各方智慧，共同探讨儿童优先投资路径与政策体系；与哈佛大学法学院共同举办第二十二届“构建 21 世纪金融体系”中美研讨会，围绕中美经贸关系、全球货币体系等热点议题深入交流。我们还持续深化中意慈善论坛机制化合作，组织公益慈善前沿系列研讨，参与“中美儿童发展对话会”等，发挥沟通中外、凝聚共识的桥梁作用。

我们深耕社会试验，坚持政策倡导与长期跟踪研究，始终将“投资于人”作为贯穿各项目的核心主线。“慧育中国”走过十年历程，“阳光起点行动计划”在贵州毕节、青海海东深入实施，让更多农村婴幼儿享有科学的早期养育服务；“山村幼儿园计划”助力农村学前教育质量提升；“阳光校餐”

We actively carried out international exchanges. We held the 9th International Conference on Child Development, bringing together diverse minds to explore pathways and policy frameworks for prioritising investment in children. We co-hosted the 22nd China-U.S. Symposium on Building the Financial System of the 21st Century, facilitating in-depth exchanges on hot topics such as China-U.S. economic and trade relations and the global monetary system. We continued to deepen institutionalised cooperation under the China-Italy Philanthropy Forum, organised a series of seminars on philanthropy, and participated in the China-U.S. Dialogue on Child Development. These all highlight our role as a bridge to enhance understanding between China and the world and build consensus.

We are deeply engaged in social programmes and remain committed to policy advocacy and longitudinal research. We have always regarded “investing in people” as the central theme running through all our programmes. The China Rural Education and Child Health (China REACH) programme has been carried out for over a decade. “A Bright Start for Every Child” Action Plan has been implemented in Bijie City of Guizhou Province and Haidong City of Qinghai Province, making evidence-based

守护欠发达地区学生营养健康；“智惠园丁”“赢未来”等项目为乡村教育振兴和技能人才培养注入新动能，共同为人口高质量发展夯实根基。在江西抚州，儿童青少年心理健康项目为地方政策制定提供了扎实的数据支撑与实践依据，推动从社会试验到政策落地的转化。在绿色发展领域，毕节生态保护与修复项目建成乡村振兴工作站，探索“低碳乡村”“绿色乡村”的建设路径。

我们立足智库型基金基金会定位开展政策研究，围绕深化医药卫生体制改革、人工智能商业化应用、韧性城市建设、ESG 政策体系、产业链供应链安全与绿色转型、政府投融资体制改革、商业健康保险、人口老龄化、社会公平与共享发展等关键领域，形成一批高质量研究成果，为政府决策提供有益参考。我们发布《中国儿童发展报告 2025：以儿童早期发展奠基人口高质量发展》，系统阐述了儿童早期发展在人口高质量发展中的基础性、关键性地位。持续

early childhood care and development services available to more rural infants and toddlers. The Village Early Education Centre (VEEC) programme helps improve the quality of rural preschool education. The School Nutrition Improvement Initiative ensures student nutrition and health in less developed regions. Programmes such as Tech For Teaching: Empowering Rural Teachers with ICT and For the Future: Vocational Education Enhancement Programme inject fresh impetus into rural education revitalization and skilled workforce development, laying a solid foundation for high-quality population development. The child and adolescent mental health programme in Fuzhou City of Jiangxi provided robust data and practical evidence to inform local policymaking, facilitating the translation of social pilots into established policy. In terms of green development, the ecological conservation and restoration programme in Bijie set up rural revitalisation workstations, and continued efforts were made to explore the pathways to “Low-Carbon Villages” and “Green Villages”.

As a think-tank foundation, we conducted policy research across various key areas, including deepening healthcare system reform, the commercialisation of AI, resilient city development, ESG policy frameworks, supply chain security and green transition, government investment and financing reform, commercial health insurance, population aging, as well as social equity and inclusive development. These efforts have yielded a range of high-quality research findings that offer valuable insights to inform government decision-making. We released the *China Child Development Report 2025: Laying the Foundation for High-Quality Population Development Through Early Childhood Development*, underscoring the

开展“发展研究奖学金”项目，为高质量研究工作选拔和储备优秀青年人才。

我们坚持党建引领与规范治理相结合，加强自身建设。2025 年，基金会荣获民政部授予的“全国先进社会组织”荣誉称号，这是对我们长期坚持专业化、高水平发展的充分肯定。年底，基金会正式成立党委和纪委，为坚持正确政治方向、持续高质量发展提供了坚强的组织保障。

行而不辍，未来可期。2026 年是“十五五”规划的开局之年，我们将继续以习近平新时代中国特色社会主义思想为指引，胸怀“国之大者”，以更高质量的决策咨询服务国家战略，以更深层次的社会试验回应民生期盼，以更富成效的对话交流促进合作共识。

衷心感谢社会各界对中国发展研究基金会的信任与支持。新的一年，愿我们携手同行，为推进中国式现代化、共筑美好未来而不懈奋斗。

fundamental and critical role of early childhood development in high-quality population development. We continued to provide the Young Fellowship in Development Study, select outstanding young talents, and build a strong talent pipeline for high-quality research.

We upheld the Party's leadership in regulated governance, and undertook extensive self-improvement efforts. In 2025, the CDRF was conferred the honorary title “National Advanced Social Organisation”, testifying to our long-term commitment to professional and high-quality development. At the end of the year, the CDRF established its Party Committee and Commission for Discipline Inspection, which ensure strong institutional safeguards and support for following the right political direction and sustaining high-quality development.

As long as we press ahead with perseverance, a bright future will beckon. The year 2026 marks the commencement of China's 15th Five-Year Plan. We will continue to follow the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, remain mindful of the country's most fundamental interests, serve national strategies with higher-quality decision consulting services, deepen social programmes in response to public expectations, and foster consensus and cooperation through more productive dialogue and exchanges.

We are grateful for the trust and support from all sectors of the society. In the year ahead, let us join hands to advance Chinese modernisation and build a better future.

中国发展高层论坛 2025 年年会

China Development Forum 2025

2025 年 3 月 23 日至 24 日，由国务院发展研究中心主办、中国发展研究基金会承办的中国发展高层论坛在京举行。本届论坛年会以“全面释放发展动能，共促全球经济稳定增长”为主题，中共中央政治局常委、国务院总理李强出席开幕式并发表主旨演讲。

China Development Forum 2025, hosted by Development Research Centre of the State Council and organised by China Development Research Foundation (CDRF), took place in Beijing from 23 to 24 March 2025. This year's forum is themed on “Unleashing Development Momentum for Stable Growth of Global Economy”. Chinese Premier Li Qiang, also a member of the Standing Committee of the Political Bureau of the Communist Party of China (CPC) Central Committee, attended the opening ceremony and delivered a keynote speech.

This year's forum featured 12 symposiums and four closed-door sessions, focusing on issues including macro policies and economic growth, igniting growth momentum through reform, boosting consumption and lifting domestic demand, developing new quality productive forces through scientific and technological innovation, the inclusive development of AI, building a modern financial system to serve the real economy, high quality development of big health, challenges and opportunities of demographic change, green development, low carbon development and climate change, promoting the sustainable development through ESG, new trends in economic globalisation and expanding institutional opening-up, cooperation in the development of global industrial and supply chains. Discussions were held in depth by domestic and international entrepreneurs, government officials, experts and scholars, as well as representatives of international organisations.

年会围绕宏观政策与经济增长，改革激发增长新动能，提振消费与扩大内需，以科技创新引领新质生产力发展，人工智能普惠包容发展，构建现代金融体系服务实体经济发展，大健康产业高质量发展，人口结构变化的挑战与机遇，绿色低碳发展与应对气候变化，环境、社会和公司治理（ESG）助力可持续发展，经济全球化新趋势与扩大制度型开放和全球产业链供应链合作发展举行了 12 场专题研讨会，以及 4 场闭门研讨会。国内外企业家、政府官员、专家学者和国际组织代表进行了深入讨论。

中国发展研究基金会 被授予“全国先进社会组织”称号

CDRF Honoured as a “National Advanced Social Organisation”

2025 年 12 月 15 日，民政部发布《关于表彰全国先进社会组织的决定》，中国发展研究基金会被授予“全国先进社会组织”称号。

中国发展研究基金会坚持以习近平新时代中国特色社会主义思想为根本遵循，继续秉持“支持政策研究，促进科学决策，服务中国发展”的宗旨，进一步强化自身建设，提升专业能力，履行社会责任，发挥国际交流优势，在新时代新征程上更加主动地融入国家发展大局，服务人民，奉献社会。

On 15 December 2025, the Ministry of Civil Affairs issued a decision to commend outstanding social organisations across the country, awarding the China Development Research Foundation (CDRF) the title of “National Advanced Social Organisation”.

Guided by Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, CDRF continues to uphold its mission of “Advance Good Governance and Public Policy to Promote Economic Development and Social Progress”. CDRF will further strengthen its institutional capacity, enhance professional expertise, fulfil social responsibilities, and leverage its advantages in international engagement to actively integrate into the overall development of the country, serve the people, and contribute to society on this new journey and in this new era.

《中国儿童发展报告 2025： 以儿童早期发展奠基人口高质量发展》

*China Child Development Report 2025:
Early Childhood Development as a Foundation for
High-Quality Population Development*

2025 年，基金会聚焦人口高质量发展和儿童早期发展主题，形成了《中国儿童发展报告 2025：以儿童早期发展奠基人口高质量发展》。

报告系统梳理了我国儿童早期发展的现状、挑战与政策实践，并从多维视角提出了推进儿童早期高质量发展的策略。报告深入分析了我国人口结构变化趋势及其对儿童早期发展的深远影响，结合未来产业和就业对技能培养的战略需求，明确了儿童早期发展在人口高质量发展中的基础性与关键性地位；提出了儿童早期发展和人口高质量发展稳步推进的愿景，为实现中国式现代化奠定坚实基础。

In 2025, focusing on the themes of high-quality population development and early childhood development, CDRF produced the *China Child Development Report 2025: Early Childhood Development as a Foundation for High-Quality Population Development*.

The report systematically reviews the current situation, challenges, and policy practices regarding early childhood development in China, and proposes strategies for advancing high-quality early childhood development from multiple perspectives. It provides an in-depth analysis of demographic trends and their profound implications for early childhood development. Aligning with the future strategic demands of skills needed by industries and for employment, the report identifies early childhood development as a fundamental pillar for high-quality population development. It outlines a vision for steadily progressing early childhood and population development, thereby laying a solid foundation for achieving Chinese modernisation.

CDRF

对话交流

EXCHANGES AND DIALOGUES

2025

EXCHANGES AND DIALOGUE

第九届儿童发展国际研讨会

The 9th International Conference on Child Development

为服务国家“人口高质量发展”战略，加强中外儿童发展领域政策对话与实践交流，基金会于2025年12月13日在北京举办第九届儿童发展国际研讨会，主题为“投资于人、儿童优先”。本届研讨会汇聚了来自中国、美国、英国、韩国、泰国、牙买加等多个国家，以及世界银行、联合国人口基金、联合国妇女署、经济合作与发展组织等多个国际组织的儿童发展领域代表，包括政策制定者、学者、实践者以及爱心企业代表等，共同探讨儿童优先导向的投资路径与政策体系。

In alignment with the national strategy for “high-quality population development” and to enhance policy dialogue and practical exchange in the field of child development between China and the international community, CDRF held the 9th International Conference on Child Development in Beijing on December 13, 2025. Themed “Investing in People, First in Children”, the conference brought together representatives from multiple countries, including China, the United States, the United Kingdom, the Republic of Korea, Thailand, and Jamaica, as well as from international organisations such as the World Bank, the United Nations Population Fund, UN Women, and the Organisation for Economic Co-operation and Development. Attendees included policymakers, academics, practitioners, and representatives from socially responsible enterprises, all gathered to explore investment pathways and policy systems centred on a child-first approach.

会议讨论了儿童早期发展的科学依据与实践路径、脑科学与人工智能如何赋能儿童成长、儿童青少年心理健康危机的预防与干预、普惠而有质量的学前教育体系建设、面向可持续发展的绿色技能和数字素养培养，以及“儿童优先”的跨部门政策协同与投入保障等关键议题，并发布了基金会旗舰报告《中国儿童发展报告2025》，以期加强国际儿童发展领域交流，助益我国儿童事业高质量发展。

The conference addressed key topics including the scientific basis and practical pathways for early childhood development, how neuroscience and artificial intelligence can empower child growth, prevention and intervention in youth mental health crises, building inclusive and quality preschool education systems, fostering green skills and digital literacy for sustainable development, and cross-sectoral policy coordination that puts children first as well as investment guarantees. The flagship report *China Child Development Report 2025* was also launched during the conference, aiming to strengthen international exchange in the field of child development and support the high-quality advancement of child-focused initiatives in China.

第二十二届“构建 21 世纪金融体系”中美研讨会

The 22nd China-U.S. Symposium on Building the Financial System of the 21st Century

2025 年 9 月 24 日至 26 日，由基金会和哈佛大学法学院共同主办的第二十二届“构建 21 世纪金融体系”中美研讨会在美国华盛顿特区举行。

CDRF and Harvard Law School co-organised the 22nd China-U.S. Symposium on Building the Financial System of the 21st Century in Washington, D.C., from 24 to 26 September 2025.

来自中美两国政府部门、研究机构及金融界的 120 余位代表参会，围绕相关热点议题进行了深入交流与研讨。

The event brought together over 120 representatives from government agencies, research institutions, and the financial sectors of both countries for in-depth discussions on several key topics.

中意慈善论坛

China-Italy Philanthropy Forum

2025 年，中意慈善论坛在推动中欧学术交流与慈善合作方面取得积极进展。2 月、5 月和 6 月，论坛前联合荣誉主席罗马诺·普罗迪教授三次访问中国，作为 2024-2025 学年度下学期北京大学阿涅利意大利文明讲席教授，开展系列学术交流活动。该讲席是中意慈善论坛第二期重要合作成果之一，为促进中意文明互鉴与高层次学术对话提供了机制化平台。

11 月 10 日，论坛现任联合荣誉主席皮埃尔·费迪南多·卡西尼及部分欧洲慈善家族代表一行到访基金会，共同召开中意慈善论坛讨论会，中外合作方就论坛下一步发展及慈善领域合作进行了深入交流。

In 2025, the China-Italy Philanthropy Forum made further progress in promoting academic exchange and philanthropic cooperation between China and Europe. Professor Romano Prodi, former Honorary Co-Chairman of the Forum, visited China three times in February, May, and June, respectively as the chairholder of the Agnelli Chair of Italian Culture at Peking University for the second semester of the 2024-2025 academic year. This Chair, a key outcome of the Forum's second phase, provides an institutional platform for mutual learning between Chinese and Italian cultures and high-level academic dialogue.

On 10 November, the incumbent Honorary Co-Chair of the Forum, Pier Ferdinando Casini, led a delegation of representatives from European philanthropic families to visit CDRF. A Forum discussion was held, during which Chinese and international partners held in-depth talks on the Forum's next steps and cooperation in the field of philanthropy.

公益慈善前沿系列研讨

Seminars on Frontier Issues of Philanthropy and Charity

为回应当前国内公益慈善事业发展面临的新形势与新挑战，推动新时代公益慈善事业高质量发展，基金会设立“公益慈善前沿系列研讨”项目，邀请各界代表聚焦公益慈善领域前瞻性议题开展闭门研讨。2025 年，“人工智能与公益慈善事业的未来”和“国际公益慈善的创新与合作”两期专题研讨会成功举办，并形成会议综述供有关部门决策参考。

This series of seminars was launched by CDRF in response to new challenges facing the domestic philanthropy and charity sector and to promote its high-quality development in the new era. These closed-door seminars bring together representatives from various sectors to explore forward-looking topics in the fields of philanthropy and charity. In 2025, two thematic seminars were successfully held—“Artificial Intelligence and the Future of Philanthropy and Charity” and “Innovation and Cooperation in International Philanthropy and Charity”—with summaries produced for reference by relevant authorities.

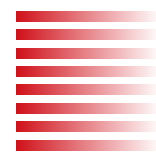

发展研究奖学金

Young Fellowship in Development Study

基金会于 2024 年重启“发展研究奖学金”项目。该项目旨在支持政策研究人才发展，助力国务院发展研究中心政策咨询研究工作与国家高端智库建设，选拔有志于经济社会发展研究的优秀青年人才，辅助开展综合性、全局性、前瞻性、战略性问题的政策研究。2025 年 9 月，2025-2026 年度“发展研究奖学金”项目启动，共征集国务院发展研究中心 13 个部所及单位的岗位需求。经过严格遴选，共有 36 位优秀学子成为 2025-2026 年度“发展研究奖学金”项目候选人。

Relaunched by CDRF in 2024, this programme aims to support the development of policy research talent and contribute to the policy advisory work of the Development Research Centre of the State Council (DRC) and the building of national high-end think tanks. It selects outstanding young scholars committed to socioeconomic research to assist in policy studies on comprehensive, overarching, forward-looking, and strategic issues. In September 2025, the 2025-2026 Young Fellowship programme was launched. After collecting demand from 13 DRC departments and institutes and conducting a rigorous selection process, it chose 36 outstanding candidates.

中美儿童发展对话会

China-U.S. Dialogue on Child Development

2025 年 4 月 21 日，应哈佛大学教育学院邀请，中国发展研究基金会儿童发展研究院部分同事赴美国参与“中美儿童发展对话会”。此次活动汇聚了中美两国儿童发展领域的专家学者，旨在促进儿童发展领域的经验分享与学术探讨。基金会团队分享了我国进行的儿童早期教育干预项目取得的成功经验与模式创新，展示了中国在儿童发展工作上的积极探索与实践成果。

On 21 April 2025, at the invitation of the Harvard Graduate School of Education, colleagues from CDRF's Child Development Institute attended the China-U.S. Dialogue on Child Development in the United States. The event brought together experts and scholars from both countries to share experiences and hold academic discussions on child development. The CDRF delegation shared successful experiences and innovative models from China's early childhood education intervention programmes, showcasing the country's active exploration and practical achievements in the field.

CDRF

社会试验

SOCIAL EXPERIMENTS

2025

SOCIAL EXPERIMENTS

慧育中国

China Rural Education and Child Health (China REACH)

“慧育中国”是基金会针对我国 6-36 个月儿童及其家庭开展的早期养育项目。在村（社区）层面，由育婴辅导员提供每周一次、入户家访形式的一对一早期养育指导。同时，在有条件的区域设立“慧育中心”，开展集体游戏和阅读活动。项目旨在提高看护人的科学育儿水平，改善家庭养育环境，促进婴幼儿全面发展，奠基人口高质量发展。

China REACH is an early parenting initiative launched by the CDRF, targeting children aged 6 to 36 months and their caregivers in China. By visiting weekly, the home visitors provide one-on-one early parenting guidance for caregivers of these children at the village (or community) level. Where conditions permit, China REACH Centres are established to offer group games and reading activities. China REACH aims to enhance caregivers' scientific parenting skills, improve home environment, promote the all-rounded development of infants and toddlers, and lay the foundation for high-quality population development.

2025 年是“慧育中国”开展的第十个年头，项目从最初的甘肃省庆阳市华池县项目点扩展到现在的 12 个省（直辖市、自治区）29 个县区。截至 2025 年底，全国在访儿童总数约 3.4 万人，累计受益儿童近 9 万人，育婴辅导员团队 2000 余人，支持建立慧育中心 110 余个，项目至今累计开展家访 330 余万次。

Entering its tenth year in 2025, China REACH has expanded from its initial pilot site in Huachi County, Qingyang City, Gansu Province, to 29 counties and districts across 12 provinces (municipalities directly under the central government and autonomous regions) nationwide. By the end of 2025, approximately 34,000 children were enrolled in China REACH, and the programme had benefited nearly 90,000 children cumulatively; the team of home visitors comprised over 2,000 members, and more than 110 China REACH Centres had been supported in their establishment. Since its launch, the programme team has conducted over 3.3 million home visits.

12 / 省（直辖市、自治区）

29 / 县（区）

34,000+ / 在访儿童人数

90,000+ / 累计受益儿童人数

2,000+ / 育婴辅导员团队人数

110+ / 慧育中心

3,300,000+ / 累计开展家访次数

项目积极开展政策倡导，推动项目县区相继加大投入或将相关内容纳入地方规划。其中，湖南省湘西土家族苗族自治州古丈县政府全面接手项目家访工作；贵州省毕节市和青海省海东市在各自关于制定国民经济和社会发展的第十五个五年规划的建议中分别提出与农村儿童早期养育服务相关的内容。

The initiative actively engages in policy advocacy, encouraging participating counties and districts to increase investment or incorporate related content into local planning. Among these efforts, the government of Guzhang County, Xiangxi Tujia and Miao Autonomous Prefecture, Hunan Province, has taken over all home visit services under the programme. The cities of Bijie in Guizhou Province and Haidong in Qinghai Province have each included provisions related to rural early childhood education services in their recommendations for formulating their respective 15th Five-Year Plan.

同时，项目积极建设知识体系、搭建数字化平台。《慧育丛书婴幼儿养育指导用书》于2025年8月由人民教育出版社正式出版。融合人工智能与专业养育指南的智能体“慧育星”为项目人员和家庭提供科学、便捷的家庭养育支持。

Simultaneously, the programme is actively building a knowledge system and developing a digital platform. *China REACH Series: Infant and Toddler Nurturing Guide Book (Volumes I ~ IV)* were officially published by the People's Education Press in August 2025. The AI-powered agent “China REACH Star”, which integrates artificial intelligence with professional parenting guidance, provides scientific and convenient parenting support for programme staff and participating families.

阳光起点行动计划

A Bright Start for Every Child

2024 年，为让更多农村婴幼儿享有儿童早期养育指导服务，推进相关政策出台，基金会与合作伙伴共同发起“阳光起点：十万农村婴幼儿入户养育指导行动计划”。“阳光起点行动计划”是“慧育中国”项目的“2.0”升级版，重点在贵州省毕节市和青海省海东市推广实施。

In 2024, to extend early childhood education guidance services to more rural infants and toddlers and facilitate the introduction of related policies, CDRF, together with its partners, launched the “A Bright Start for Every Child: Home Visiting Action Plan for 100,000 Rural Infants and Toddlers”. As an upgraded version of the China REACH programme, it is primarily implemented in the cities of Bijie in Guizhou Province and Haidong in Qinghai Province.

截至 2025 年底，毕节市项目共覆盖全市 8 个县（市、区）55 个乡镇，733 个行政村，全市共建成 77 个慧育中心，累计受益儿童数超过 4.7 万人。海东市项目覆盖全市所辖的 6 个县（区）37 个乡镇，712 个行政村及社区，累计受益儿童近 14000 名。

基金会在毕节市和海东市开展的调查评估结果表明，项目服务显著提升了儿童的早期发展水平，改善了照料人的养育观念，获得了良好的社会反响。

By the end of 2025, the programme had expanded to cover 733 administrative villages across 55 townships in all eight counties (cities, districts) of Bijie. A total of 77 REACH Centres were established, benefiting over 47,000 children cumulatively; in Haidong, the programme reached 712 administrative villages and communities across 37 townships in all six counties (districts), benefiting nearly 14,000 children cumulatively.

Evaluation surveys conducted by CDRF in Bijie and Haidong indicate that the programme services have significantly improved children’s early development levels, enhanced caregivers’ practices, and received positive social feedback.

共同富裕背景下城市婴幼儿照护服务（杭州试点）

Promoting Urban Childcare Services for Common Prosperity (Hangzhou Pilot)

基金会于 2023 年与杭州市卫生健康委员会合作开展“共同富裕背景下促进城市婴幼儿照护服务项目”，在杭州市 4 个区县，建设了 10 个标准化“社区儿童慧育中心”，探索普惠、可持续的儿童早期发展综合服务模式。通过向社区适龄婴幼儿家庭发放电子服务券，按月龄开展科学的集体游戏、阅读等活动，并根据儿童需求提供“一对一”家庭养育指导，确保服务的适用性与可及性。

In 2023, CDRF, in collaboration with the Hangzhou Municipal Health Commission, launched a project to promote urban childcare services for common prosperity. The project established 10 standardized community-based China REACH Centres across four districts and counties in Hangzhou, exploring an inclusive and sustainable comprehensive service model for early childhood development. By distributing electronic service vouchers to households with age-eligible infants and toddlers in the communities, the project provides structured group games, reading activities tailored to different age groups, and one-on-one parenting guidance based on individual children's needs, ensuring the services' relevance and accessibility.

截至 2025 年底，项目在上城区、西湖区、钱塘区、淳安县累计服务 1500 余户家庭，其中约三分之一为新市民家庭。非本地户籍婴幼儿占比达 26.51%，有效覆盖流动人口家庭。累计开展集体活动 4956 余场，一对一服务 2276 人次，绘本累计借阅 15593 本。

By the end of 2025, the project had served over 1,500 households in the districts of Shangcheng, Xihu, and Qiantang, and the county of Chun'an, with approximately one-third being new urban residents. The project also covered a significant portion of the migrant population, with infants and toddlers without a local hukou accounting for 26.51% of participants. Cumulatively, the project has conducted over 4,956 group activities, provided 2,276 one-on-one sessions, and facilitated 15,593 picture book loans.

山村幼儿园计划

Village Early Education Centre (VEEC)

“山村幼儿园计划”是由基金会于2009年发起的重要社会试验项目，先后在全国13个省（自治区、直辖市）的34个县（市、区）实施，累计超过35万名儿童受益。项目实施以来受到国内外广泛认可，荣获2018年世界教育创新峰会（WISE）教育项目奖和2023年第十二届“中华慈善奖”。

Launched in 2009 by the CDRF, VEEC is a major social experiment implemented across 34 counties (cities and districts) in 13 provinces (autonomous regions and municipalities directly under the central government), benefitting over 350,000 children cumulatively and garnering significant domestic and international recognition, including the 2018 WISE Awards and the 2023 China Charity Award.

13 / 省（直辖市、自治区）

34 / 县（市、区）

35,000+ / 累计受益儿童人数

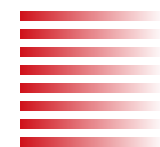

2025年，项目开始在部分地区开展山村幼儿园质量提升模式的探索。项目以“促进学前教育公平优质发展”为目标，以“提升乡村教师专业能力”为主要做法，初步建立了县域一体化、陪伴式研训、精准化指导、数字化赋能的乡村幼儿教师专业发展模式，项目愿景是“看见·陪伴·支持乡村幼儿教师，照亮学前教育最后一公里”。

Since 2025, the programme has initiated explorations into quality improvement models. With the goal of “advancing equitable and quality development in early childhood education”, it focuses on “enhancing rural teachers’ professional capacity” and has established a comprehensive professional development model featuring county-level integration, training-synchronised coaching, precise supervision, and digital empowerment. The vision is to “See, Mentor, Empower Rural ECE Teachers: Bridging the ‘Final Mile’ of Early Childhood Education”.

评估结果显示，项目显著提升了教师为幼儿园搭建的学习环境质量，对幼儿早期读写等多个领域有显著促进效应，尤其对5岁以下儿童、留守儿童、父母学历低的儿童的补偿效果更加明显。

Evaluation results indicate that VEEC significantly improves the quality of the learning environment and yields substantial positive effects on children's early literacy and other developmental domains. Notably, the intervention demonstrates marked compensatory effects for vulnerable groups, particularly children under five, left-behind children, and those whose parents have lower educational attainment.

阳光校餐

School Nutrition Improvement Initiative

基金会自2007年起开始对贫困地区农村学生营养状况进行政策研究，并通过对照试验成功推动2011年“农村义务教育学生营养改善计划”的出台。2015年，全国学生营养办委托基金会建立阳光校餐数据平台，监测评估营养改善计划政策落实的情况。目前，项目覆盖13个省50个县，约4000所学校。

Since 2007, the CDRF has conducted policy research on the nutritional status of rural students in impoverished areas. Through controlled trials, it successfully advanced the formulation of the national Nutrition Improvement Plan for Rural Students in Compulsory Education in 2011. In 2015, at the behest of the Ministry of Education, CDRF launched the School Nutrition Improvement Initiative Programme to oversee the implementation of the national project. Up to now, this programme has expanded to 4,000 schools in 50 counties across 13 provinces.

13 / 省（直辖市、自治区）

50 / 县（市、区）

4,000+ / 覆盖学校

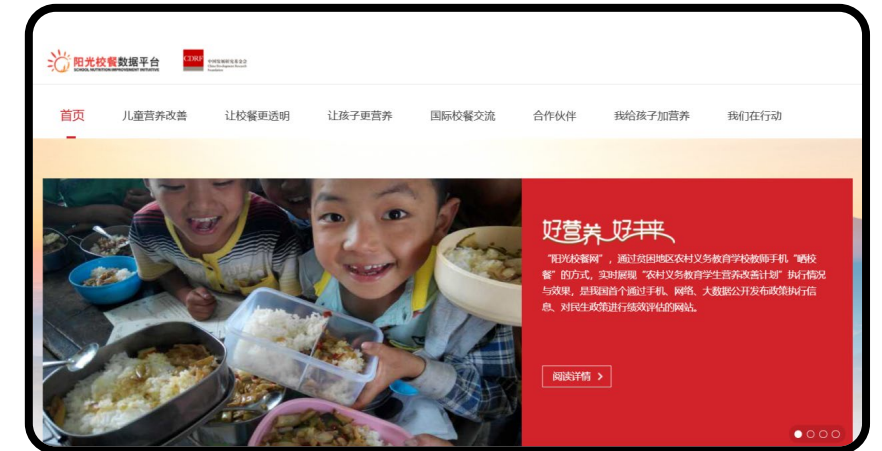

2025 年，项目组受国际校餐联盟学术委员会邀请参加“国际学校供餐经验交流会”，分享中国营养改善计划实施经验；聚焦城镇弱势儿童营养健康问题，探索营养改善计划适应人口格局变化的可行拓展路径；针对欠发达地区儿童超重肥胖问题，以营养改善计划为抓手，探索可复制、可推广的儿童健康体重管理模式；积极探索数智赋能校园餐监管升级的新路径。

In 2025, the programme team was invited by the Academic Committee of the International School Meals Coalition to participate in an international seminar on school meals, where they shared insights from China's Nutrition Improvement Plan; focused on the nutritional health of vulnerable urban children and explored viable expansion pathways for the Plan to adapt to shifting demographic patterns; in response to the rising issue of overweight and obesity among children in less developed areas, explored replicable and scalable models for healthy weight management while implementing the Plan; and actively investigated new pathways to upgrade the digital and intelligent oversight of campus meal programmes.

在活动方面，项目组开展营养改善计划实施优秀案例征集活动并遴选出 34 篇优秀案例发表，阅读量达 4.1 万人次；举办了 5 期线上的校园营养指导员培训，共计约 13 万人次参加。

Regarding outreach, the team collected outstanding case studies and published 34 good practices, which attracted 41,000 views, while also conducting five online training sessions for campus nutrition instructors, which reached approximately 130,000 participants.

乡土村小

Rural Primary School Innovation Project

“乡土村小”项目由基金会和田字格志愿服务社于2020年联合发起，旨在让乡村儿童能在家乡就近享受好的教育，通过教育创新解决村小教育质量低的难点。

The Rural Primary School Innovation Project, jointly launched in 2020 by the CDRF and Shanghai Tianzige NGO, aims to provide quality education for rural children close to home, addressing the challenge of low educational standards through pedagogical innovation.

3 / 县(市、区)

300 / 教师线下集中培训覆盖人次

500 / 活动吸引线下参与及观摩人次

继贵州省遵义市正安县之后，2025年项目成功推动务川仡佬族苗族自治县、毕节市七星关区两地成立县级/区级乡土课程工作室，使项目重点从课程活动实施转向可持续发展的本土教师共同体建设。全年组织线下集中培训覆盖教师近300人次，项目成功举办1场大型“未来乡村教育交流季”活动，吸引线下参与及观摩近500人次；支持正安、务川两地教体局举办县级优质课评选，有效促进了经验共享与区域联动。

Building on the foundation established in Zheng'an County, Zunyi City, in 2025, the project expanded to Wuchuan Gelao and Miao Autonomous County and Qixingguan District, Bijie City. It facilitated the establishment of county-level local curriculum studios, shifting the project's focus from direct curriculum delivery to building sustainable communities of local teachers. Throughout the year, the project organised offline intensive training for nearly 300 teachers. “Future Rural Education Exchange Season”, a major event organised under the project, attracted nearly 500 offline participants and observers. Furthermore, the project supported the education bureaus of Zheng'an and Wuchuan in hosting county-level teaching excellence competitions, effectively promoting knowledge sharing and regional collaboration.

乡村儿童教育信息化

Digital Education for Rural Children

为提高乡村学生信息化学习质量，缩小教育信息化城乡差距，探索保障长期教育公平的有效途径，基金会于 2020 年起开展“乡村儿童教育信息化”项目。

The Digital Education for Rural Children programme was launched by the CDRF in 2020 to enhance the quality of digital learning for rural students, narrow the urban-rural divide in digital education, and explore effective pathways to ensure long-term educational equity.

2025 年，项目为试点学校的师生开展了编程培训，捐赠了 166 台教师用笔记本电脑和 32 台教学智慧大屏，直接受益教师和学生均超千人，间接受益学生超 6 万人。

In 2025, the programme conducted programming training for teachers and students in pilot schools and donated 166 laptops for educators and 32 interactive smart displays, directly benefiting over 1,000 teachers and students and indirectly benefiting more than 60,000 students.

智惠园丁：乡村未来教师培养计划

Tech For Teaching: Empowering Rural Teachers with ICT

“智惠园丁：乡村未来教师培养计划”是基金会于 2023 年设立的项目。项目旨在通过数字化手段，采取“以全员通识培训为基础、名师工作室深度研修为核心、教研员与校长赋能为引领、特色校建设为亮点、数字化专项培训为支撑”的项目模式，构建“教育局－校长－教研员－教师”四级联动的教研体系，打造具备数智时代专业能力的乡村教师队伍，培育支撑欠发达地区义务教育高质量发展的教研生态，为教育强国建设提供有力支撑。

Established by the CDRF in 2023, this programme leverages digital tools to build a four-tier teaching research system that links education bureaus, principals, teaching researchers, and teachers. Its model combines universal general-knowledge training, deep study in Master Teacher Workshops, empowerment for principals and teaching researchers, the development of Characteristic Schools, and purpose-specific digital training. The goal is to cultivate a rural teaching force equipped for the digital age, foster a robust ecosystem for compulsory education in less developed areas, and strongly support the effort to boost China's strength in education.

2025 年，项目覆盖范围和受益人数显著扩大，在内蒙古自治区和贵州省从 4 个核心项目县推广至 25 个项目县。截至 2025 年底，项目已组建 44 个名师工作室、5 个名校长工作室、1 个教研员工作室，全年累计开展各类培训活动 1170 场次，项目县教师立项课题超 250 项，在市级以上教学竞赛获奖人次显著增长。项目直接受益教师达 12 万余名，间接受益学生覆盖试点县义务教育全学段。

By 2025, the programme expanded significantly, growing from 4 to 25 pilot counties across Inner Mongolia and Guizhou. By the end of 2025, 44 Master Teacher Workshops, five Principal Leadership Academies, and one Researcher Workshop had been established. Throughout the year, it conducted 1,170 training sessions, resulting in over 250 teacher-led research projects and a marked increase in competition awards at the municipal level and above. The programme directly benefited more than 120,000 teachers, with indirect benefits reaching students across all stages of compulsory education in the pilot counties.

青心向荣：儿童青少年心理健康

Child and Adolescent Mental Health Promotion Programme

为增进儿童青少年健康福祉，助力健康中国建设，基金会于 2023 年正式启动“青心向荣：儿童青少年心理健康”项目，旨在通过社会试验为促进儿童青少年心理健康提供高质量证据，为相关政策出台提供科学依据。项目第一期于 2023 年 10 月在江西省抚州市实施，委托北京大学第六医院专家团队开发结构化课程，对初中班主任进行系统培训，帮助他们将心理健康和精神卫生知识融入日常教学、班级管理及学生支持工作，受益人数约 2500 人并成功入选“儿童青少年心理健康优秀公益项目”。

Launched by the CDRF in 2023 to advance public health in China, this programme aims to generate high-quality scientific evidence through social experiments to inform mental health policy for children and adolescents. In October 2023, Phase I was implemented in Fuzhou City, Jiangxi Province. A professional team from Peking University Sixth Hospital developed a structured curriculum to train junior high school headmasters, integrating mental health knowledge into daily teaching, class management, and student support. The initial phase benefited approximately 2,500 individuals and was recognized as an Outstanding Public Welfare Project for Children and Adolescents' Mental Health.

2025 年，项目组基于江西省抚州市多所初中的实践基础，通过问卷调查、深度访谈、课堂观察等多元调研方式，完成对 11 个县区 18 所中学校 260 人次的系统访谈，形成《江西省抚州市初中心理健康促进项目调研报告》，为地方政策制定提供扎实的数据支撑与实践依据。随后，抚州市人民政府办公室正式印发《中小学心理健康教育能力提升三年行动计划（2025-2027）》，标志着项目成功实现从社会试验到政策落地的关键转化。此外，依托项目实践成果和跟踪调研，项目组完成并发表多项高质量调研报告及学术论文。

In 2025, based on practices across several junior high schools in Fuzhou, the programme team conducted a comprehensive evaluation across 18 junior high schools in 11 counties. Through questionnaire surveys, in-depth interviews, and classroom observations (involving 260 individuals), they produced the Fuzhou Mental Health Promotion Project Research Report, providing a solid data foundation for local policymaking. Subsequently, the Fuzhou Municipal People's Government issued the Three-Year Action Plan for Enhancing Mental Health Education Capacity in Primary and Secondary Schools (2025-2027). This marks a critical transition from social experiments to policy implementation. Additionally, the team published multiple high-quality research reports and academic papers based on the practical outcomes and the follow-up research.

启智健心

Enlightening Minds, Nurturing Well-being

“启智健心”项目由基金会发起，旨在开展农村义务教育优质均衡发展的创新型社会试验。该项目立足于教育教学的基本理论，聚焦农村义务教育阶段的迫切需要，推动课堂教学范式革新，融合智能化学习手段，探索健康育人理念的深度实践，着力培育农村学生核心素养，促进学生身心健康和全面发展。

Initiated by the CDRF, the “Enlightening Minds, Nurturing Well-being” programme conducts innovative social experiments aimed at promoting high-quality, balanced development in rural compulsory education. Grounded in basic pedagogical theory and addressing urgent rural needs in the stage of compulsory education, it drives innovation in classroom teaching paradigms, integrates intelligent teaching methods, combines with health-focused educational concepts, and strives to cultivate core competencies and promote the holistic physical and mental development of rural students.

项目第一期在贵州省毕节市开展，联合业内专家团队，已探索出一套行之有效的干预路径。项目惠及 5000 名师生，获得地方教育主管部门高度认可。2025 年项目成果成功入选第七届中国教育创新成果公益博览会，并被纳入“新华网”2025 全国教育创新与高质量发展典型案例，社会影响力不断提升。

Phase I was implemented in Bijie City, Guizhou Province. In collaboration with expert teams in relevant fields, an effective intervention model was developed. The project has benefited 5,000 teachers and students and received high recognition from local education authorities. In 2025, the project's achievements were showcased at the 7th China Education Innovation Expo and featured in Xinhuanet's National Education Innovation and High-Quality Development casebook, reflecting its growing social impact.

赢未来：职业教育提升计划

For the Future: Vocational Education Enhancement Programme

为培育阳光健康、积极向上的新型技术技能人才，帮助职业院校提升办学育人能力，助力职业教育高质量发展，中国发展研究基金会自2016年起实施“赢未来：职业教育提升计划”。

Launched by the CDRF in 2016, the “For the Future” programme aims to cultivate a new generation of skilled professionals who are forward-thinking, positive, and well-adjusted, enhance the educational capacity of vocational colleges, and contribute to the high-quality development of vocational education nationwide.

2025年，项目持续优化院校布局，重点在广东、贵州、四川、海南、福建5省7市29所中高职院校开展工作。围绕政策研究、绿色技能、心理健康等具体板块，完成绿色技能通识和专业课程材料研发及首轮授课、“幸福职校生”心理健康课程教学资源迭代，开展《高职学生“可就业”能力调查》《就业力资本视角下高职教育与劳动力市场衔接》《产教融合中的制造业企业参与和激励机制研究》三项研究。

截至2025年底，项目累计惠及学生超过21万人，教师1.5万余名。

In 2025, the programme optimised its institutional network, operating across 29 secondary and higher vocational colleges in seven cities within five provinces (Guangdong, Guizhou, Sichuan, Hainan, and Fujian). Focusing on policy research, green skills, and mental health, the programme completed the development and initial rollout of general and specialised green skills curricula. It also iterated on teaching resources for the “Happy Vocational Student” mental health programme. Three key research projects were undertaken: the Survey on Employability of Secondary and Higher Vocational Students, The Integration of Higher Vocational Education and the Labor Market from a Human Capital Perspective, and Research on Manufacturing Enterprise Participation and Incentive Mechanisms in Industry-Education Integration.

By the end of 2025, the programme had cumulatively benefited over 210,000 students and more than 15,000 teachers.

毕节试验区生态保护与修复

Ecological Conservation and Restoration in the Bijie Pilot Area

2025年6月初，项目完成了贵州省毕节市织金县马场镇乡村振兴工作站（中心村）和马场镇乡村振兴工作站（马场镇卫生院）两处装配式集成房屋主体建筑安装建设。2025年7月4日，基金会、力拓集团、织金县三方举行马场镇乡村振兴工作站挂牌仪式。2025年12月，基金会与织金县慈善联合会、织金县马场镇人民政府签订了马场镇乡村振兴工作站物资捐赠协议，并完成工作站的顺利移交。

In early June 2025, the main structures of prefabricated integrated buildings at two sites of the rural revitalisation workstation in Machang Town, Zhijin County, Bijie City, Guizhou Province: the Zhongxin Village site and the Machang Town Health Centre site, were completed. On 4 July 2025, the Machang Town Rural Revitalisation Workstation was inaugurated jointly by the CDRF, Rio Tinto Group, and Zhijin County Government. In December 2025, the CDRF signed a supplies donation agreement for the Machang Town Rural Revitalisation Workstation with the Zhijin County Charity Federation and the People's Government of Machang Town, and completed the handover of the workstation.

依托乡村振兴工作站，深入开展乡村蹲点调研；服务支持西安电子科技大学光电工程学院“光电黔行·织梦成金”暑期三下乡社会实践队在织金县马场镇中心小学开展暑期支教活动。与此同时，积极推进“低碳乡村”、“绿色乡村”、“健康乡村”、“文化乡村”建设行动。

At the workstation, the project team conducted in-depth village-based fieldwork and supported the social practice team from the School of Optoelectronic Engineering at Xidian University in carrying out teaching activities at Machang Town Central Primary School during the summer vacation. The project team also actively advanced initiatives for building a “Low-Carbon Village”, a “Green Village”, a “Healthy Village”, and a “Cultural Village”.

毕节试验区非物质文化遗产保护

Protection of Intangible Cultural Heritage in Bijie Pilot Area

2025 年，项目支持贵州省毕节市开展非遗文化保护与传承活动，多次在织金县组织“非遗进校园”活动；聚焦非遗保护与传承的基础条件改善；创新非遗文化保护与传承模式，组织毕节非遗服饰推广展示活动；开展非遗文化国际交流。

In 2025, the project supported the protection and inheritance of intangible cultural heritage in Bijie City, Guizhou Province, including multiple “Intangible Cultural Heritage on Campus” events organised in Zhijin County. The project focused on improving the basic conditions for ICH protection and inheritance. Furthermore, new models were introduced for ICH protection and inheritance. Promotional and exhibition activities for Bijie’s ICH-inspired costumes were organised, and ICH-themed international exchange was conducted.

呵护康乃馨行动

Cares for Women’s Health

“呵护康乃馨行动”是基金会设立的旨在关爱女性健康与发展的项目。2025 年 10–12 月，“呵护康乃馨行动”继续与地方政府合作开展健康帮扶，支持安徽省阜阳市颍东区为 1000 余名 25–65 岁适龄妇女提供免费两癌筛查服务，同时支持当地开展妇儿孕产专业业务提升系列培训，助力基层医护人员人才培养，从根源上惠及更多女性及其家庭。

The Cares for Women’s Health programme was established by the CDRF to promote women’s health and development. From October to December 2025, the programme continued its collaboration with local governments on health support initiatives. In Yingdong District, Fuyang City, Anhui Province, it provided free cervical and breast cancer screenings for over 1,000 women aged 25-65, and assisted with professional training of local healthcare staff specialising in gynaecology, paediatrics, and obstetrics, to strengthen the capacity of the primary-level healthcare workforce and thereby benefit more women and their families.

政策研究

POLICY RESEARCH

年度重大课题

Major Research Project

深化医药卫生体制改革，
推进全面健康覆盖

Deepening Reform of the Medical and Health
System to Advance Universal Health Coverage

2025 年 11 月底，课题组撰写完成研究报告《守护人民健康——中国医药卫生事业发展重点问题研究》，其间通过外审专家匿名评审、闭门研讨等形式，征询国内外不同领域专家学者对报告的意见建议，并作出相应修改。

In November 2025, the research report *Safeguarding People's Health: A Study on Key Issues in the Development of China's Medical and Health Services* was completed. During the drafting process, feedback was solicited from domestic and international experts across various fields through anonymous peer review and closed-door seminars, and corresponding revisions were made accordingly.

该报告回顾了我国医药卫生事业的发展历程，梳理了取得的重要进展以及当前面临的挑战，并着眼于未来提出相关改革和发展建议，围绕公共卫生事业、医疗服务体系、医疗保障体系、药品供应体系、健康产业、医疗科技展开详细阐述，致力于为我国医药卫生事业的发展与改革，为相关决策部门、研究者等提供一些积极有益的参考。

The report reviews the development of China's medical and health services, outlines the significant progress made and the challenges currently faced, whilst proposing reform and development recommendations oriented towards the future. It provides detailed analysis covering public health services, the medical service system, the healthcare security system, the pharmaceutical supply system, the health industry, and medical technology. It aims to provide positive and useful references for the development and reform of China's medical and health services, as well as for relevant policy-making authorities and researchers.

经济发展与改革

Economic Development and Reform

2

社会资本在中国农业价值链中的作用

该课题围绕社会资本支持种业高质量发展、中国农业规模化经营、社会资本完善农业社会化服务、发展农产品加工推动三产融合、社会资本推动农业流通体系发展、农村电商促进农产品销售、新时代返乡创业问题与对策研究、提升农业价值链的融资服务创新研究等议题开展系统研究。

The Role of Social Capital in China’s Agricultural Value Chain

This project conducted systematic research on topics including social capital supporting high-quality development of the seed industry, agricultural scale operations in China, social capital improving agricultural socialised services, developing agricultural product processing to promote the integration of primary, secondary and tertiary industries, social capital driving the development of agricultural product distribution systems, rural e-commerce boosting agricultural product sales, issues facing migrant workers starting businesses in their hometowns in the new era and countermeasures, and research on innovative financing services to enhance agricultural value chains.

人工智能

该课题围绕人工智能大模型商业化应用、美国人工智能泡沫态势研判等问题开展研究，通过召开座谈会等形式调研了多家有代表性的通用人工智能企业、算力服务平台、地方政府、科研院所、风险投资基金等，并发表了多份高质量的研究报告。

Artificial Intelligence

Focusing on the commercial application of large AI models and assessments of the U.S. artificial intelligence bubble, this project researched key issues by conducting symposiums with representative artificial general intelligence (AGI) enterprises, computing power service platforms, local governments, research institutes, and venture capital funds. The research team has published several high-quality research reports.

韧性城市

该课题以“增强中国城市经济和财政韧性”为主题，围绕五大发展理念，从数字经济赋能、科技创新驱动、城市空间优化、资源枯竭城市转型、消费韧性、资产负债表管理、基础设施投融资等多元路径出发，提出具有前瞻性和操作性的政策建议，为“十五五”时期推进韧性城市建设提供支撑。

Resilient Cities

Centred on the theme of “Enhancing the Economic and Fiscal Resilience of Chinese Cities”, this research project is structured around the Five Development Concepts. Drawing on a diverse range of approaches—including the empowerment of the digital economy, the driving force of scientific and technological innovation, the optimisation of urban space, the transformation of resource-depleted cities, consumption resilience, balance sheet management, and infrastructure investment and financing—it puts forward forward-looking and practical policy recommendations to support the advancement of resilient city development during the 15th Five-Year Plan period.

可持续发展
Sustainable Development

3

构建 ESG 政策体系

该课题围绕 ESG 融入中长期发展规划和投资项目研究、ESG 财税支持政策体系、构建资本市场 ESG 投资生态体系、国资央企的 ESG 发展、运用政府采购政策支持企业 ESG 发展等展开一揽子研究。

产业链供应链领域韧性

该课题重点关注大国博弈、地缘政治风险对全球价值链的重塑效应，为研判全球价值链转移趋势、应对产业转移风险提供参考，形成系列报告。

Constructing an ESG Policy System

This project undertook a comprehensive study on integrating ESG into medium- and long-term development plans and investment projects, establishing fiscal and tax support policies for ESG, constructing an ESG investment ecosystem in the capital market, developing ESG within state-owned enterprises, and utilising government procurement policies to support corporate ESG development.

Resilience in Industrial and Supply Chains

With a focus on the reshaping effects of great-power rivalry and geopolitical risks on global value chains, this project provided references for assessing trends in global value chain shifts and responding to industrial transfer risks, culminating in a series of reports.

产业链绿色转型

该课题聚焦碳达峰、碳中和目标下中国产业链绿色转型的路径和方法、面临的困难和挑战、企业在其中的成功实践和经验等重要议题，通过政策研讨、案例剖析和经验交流等多种途径，促进产业链协作低碳发展，助力中国经济实现绿色低碳转型。

2025 年 4 月，项目组赴天津开展“关税挑战与国际经济贸易，循环经济与新质生产力”专题调研。10 月，项目组组织召开“双碳目标下新能源汽车重要材料循环利用”专题研讨会，深入探讨“双碳”目标下钢铁、铝材、塑料、玻璃等重要材料的循环利用。

Green Transformation of Industrial Chains

Focusing on the pathways, methods, difficulties, and challenges of China's green transformation of industrial chains under the carbon peaking and neutrality goals, as well as successful corporate practices and experiences, this project promoted low-carbon collaboration within industrial chains through policy seminars, case studies, and experience sharing, contributing to China's green and low-carbon transition.

In April 2025, the project team conducted field research in Tianjin on “Tariff Challenges and International Economic Trade, Circular Economy and New Quality Productive Forces”. In October, the team organised a seminar on “Circular Utilisation of Key Materials in New Energy Vehicles under Carbon Peaking and Carbon Neutrality Goals”, engaging in deep discussions regarding the recycling of steel, aluminium, plastics, glass, and other important materials.

全面绿色转型背景下提振消费的重点领域及转型策略

该课题探讨在加快经济社会发展全面绿色转型背景下，中国如何有效释放消费潜力，充分发挥绿色消费对经济高质量发展的重要作用，重点聚焦如何促进绿色消费发展，围绕绿色消费的总体进展、未来潜力、标准体系建设、认证机制等议题，提出促进绿色消费转型的政策建议和市场机制创新方案，为政府制定相关政策、消费者形成绿色消费生活方式提供科学依据，推动绿色消费成为经济社会全面绿色转型的重要动力。

Key Areas and Transition Strategies for Boosting Consumption amidst Comprehensive Green Transformation

This project explored how China can effectively unleash consumption potential and leverage the vital role of green consumption in high-quality economic development against the backdrop of accelerating the comprehensive green transformation of economic and social development. Focusing on promoting green consumption, the project addressed overall progress, future potential, standards system construction, and certification mechanisms. It proposed policy recommendations for green consumption transition and innovations in market mechanisms, providing a scientific basis for policymaking and promoting green lifestyles, thereby promoting green consumption as a key driver of the comprehensive green transformation.

面向碳中和目标的再生农业研究

“十五五”规划建议指出，坚持产量产能、生产生态、增产增收一起抓，统筹发展科技农业、绿色农业、质量农业、品牌农业，把农业建成现代化大产业。再生农业有助于兼顾产能产量、生产生态、增产增收。该课题通过深入考察分析再生农业国内外实践效果，开展关于再生农业的研讨与交流等方式推动关于中国再生农业的深入研究。2025 年，课题组上报关于推动中国再生农业发展的内部参阅报告，参与发布了《2025 中国再生农业行业报告》，推动建成中国首个再生农业研究院。

Research on Regenerative Agriculture for Carbon Neutrality

Recommendations of the Central Committee of the CPC for Formulating the 15th Five-Year Plan for National Economic and Social Development proposes that “We should emphasize both output and production capacity, both agricultural production and ecological conservation, and both output expansion and income growth and coordinate efforts to make agriculture more technology-driven, eco-friendly, quality-focused, and brand-oriented, thereby turning it into a modern pillar sector”. Regenerative agriculture contributes to both output and production capacity, both agricultural production

and ecological conservation, and both output expansion and income growth. Through in-depth analysis of domestic and international regenerative agriculture practices and facilitating related seminars and exchanges, the project promoted in-depth research on regenerative agriculture in China. In 2025, the project submitted internal reference reports regarding the promotion of regenerative agriculture, participated in the release of the 2025 *China Regenerative Agriculture Industry Report*, and facilitated the establishment of China's first regenerative agriculture research institute.

公共治理

Public Governance

4

财政投融资支持投融资改革，
促进高质量发展

该课题围绕优化政府和社会资本合作、地方政府专项债管理研究、政策性金融与地方政府公共服务提质升级、产业投资基金有效性评估、不动产投资信托基金实践与优化、地方政府融资平台市场化改革研究、广州财政助力投融资体制机制改革等专题开展调研与研讨，汇总各个专题的背景报告，形成《中国政府投融资体制改革的实践与启示》报告。

Fiscal Investment and Financing to Support
Reform and Promote High-Quality Development

This project conducted research and seminars focusing on optimising public-private partnerships, managing local government special-purpose bonds, policy finance and enhancing local governments’ public services, evaluating the effectiveness of industrial investment funds, practising and refining real estate investment trusts, researching market-oriented reforms of local government financing platforms, and Guangzhou’s fiscal efforts to assist investment and financing system reforms. The project consolidated background reports from each topic to produce the report *Practices and Insights into China’s Government Investment and Financing System Reform*.

推动政府采购改革，
助力统一大市场建设

该课题深入剖析当前政府采购制度改革进展，聚焦地方政府落实政府采购制度过程中面临的难点、堵点，围绕破除制度性障碍、监管范围界定、主体责任落实、央地协同机制等核心问题开展研究。

Promoting the Development of a Unified National
Market through Government Procurement Reform

Delving into the progress of current government procurement system reforms, this project focused on the difficulties and bottlenecks encountered by local governments in implementing these systems. It researched core issues such as removing institutional barriers, defining regulatory scopes, implementing primary responsibilities, and establishing coordination mechanisms between central and local authorities.

人口与健康

Population & Health

5

中国商业健康保险区域发展模式研究

近年来，我国商业健康保险发展迅速，新的产品和模式不断涌现。在此背景下，该课题聚焦我国商业健康保险领域一些关键问题的路径探索与区域性实践开展研究，对完善国家层面的制度体系与政策设计具有重要的实践价值与理论意义。

发掘商业健康保险潜力，助力减轻个人医疗负担

随着居民收入水平提高、健康意识提升，叠加我国老龄化等因素影响，居民快速增长的健康保障需求与基本医保支付能力有限之间的矛盾日益凸显。在此背景下，赋能商业

Research on Regional Development Models for China’s Commercial Health Insurance

In recent years, the commercial health insurance sector in China has developed rapidly, with new products and models continually emerging. Against this backdrop, this project focused on exploring pathways and local practices concerning key issues in China’s commercial health insurance sector, offering significant practical value and theoretical implications for perfecting the national-level institutional framework and policy design.

Realising the Potential of Commercial Health Insurance to Help Reduce Individual Healthcare Burden

With rising income levels, heightened health awareness, and the impact of population ageing, the contradiction between residents’ rapidly growing demand for health security and the limited payment capacity of basic medical insurance has become increasingly prominent. In this context, empowering commercial health insurance to alleviate

健康保险以缓解个人医疗费用压力，已成为当前医疗保障体系建设中重要且紧迫的任务之一。该课题聚焦新形势新任务新要求，以推动构建多层次医疗保障体系、降低个人自付为目标，提出优化我国商业健康保险发展路径的可行性措施。

individual medical cost burdens has become one of the most important and urgent tasks in the current development of the medical security system. Focusing on new circumstances, tasks, and requirements, this project aims to promote the development of a multi-tiered medical security system and reduce out-of-pocket payments, proposing feasible measures to optimise the development path of commercial health insurance in China.

医防融合背景下筛查服务研究

《中共中央关于进一步全面深化改革、推进中国式现代化的决定》明确指出，要推动“医防协同、医防融合”，加强疾病预防和治疗的结合。筛查作为二级预防手段，能够及时发现潜在健康问题，有助于居民增强健康管理意识并及时采取有效干预措施。

为提升我国筛查服务整体水平、促进“医防融合”战略有效实施，该课题深入剖析我国当前筛查服务体系的困境与挑战，探索构建科学、高效且可持续的筛查服务模式。

Research on Screening Services under the Context of Integration between Hospitals and Disease Prevention and Control Institutions

The Resolution of the Central Committee of the CPC on Further Deepening Reforms Comprehensively to Advance Chinese Modernisation explicitly mandates promoting “collaboration and integration between hospitals and disease prevention and control institutions”, strengthening the combination of disease prevention and treatment. As a secondary prevention measure, screening facilitates the prompt detection of potential health problems, helping residents enhance health management awareness and adopt effective interventions promptly.

To elevate the overall standard of screening services in China and ensure the effective integration between hospitals and disease prevention and control institutions, this project conducted an in-depth analysis of the predicaments and challenges facing China's current screening service system, exploring the development of a scientific, efficient, and sustainable screening service model.

中国人口老龄化背景下的医防融合策略研究

人口老龄化加剧了医疗卫生体系的压力，医保筹资与支出负担持续加重。当前，我国卫生体系存在“重医疗、轻预防”的倾向，公共卫生和预防服务投入相对不足，尤其是面向老年人的服务覆盖存在明显短板。在此背景下，此课题系统识别我国中老年人在公共卫生与预防服务领域的薄弱环节，分析提升相关服务面临的政策挑战，并提出推动“医防融合”、完善服务体系的相关政策建议。

Research on Strategies for Promoting the Integration between Hospitals and Disease Prevention and Control Institutions amidst China's Population Ageing

Population ageing has intensified pressure on the medical and health system, with the burden of medical insurance financing and expenditure continuing to increase. Currently, China's public health system tends to emphasise treatment over prevention, with relatively insufficient investment in public health and preventive services; there are notable shortcomings, particularly in service coverage for middle-aged and elderly individuals. Against this backdrop, this project systematically identifies weaknesses in public health and preventive services for middle-aged and elderly people in China, analyses the policy challenges involved in upgrading relevant services, and proposes policy recommendations for promoting the integration between hospitals and disease prevention and control institutions and perfecting the service system.

知识产权保护与医药行业创新研究

知识产权对于提升国家核心竞争力、扩大高水平对外开放、实现高质量发展具有重要意义。生物医药行业是“健康中国 2030”战略的重点领域，是国民健康与国民经济发展的重要支撑，也是典型的知识产权密集型产业。近年来，我国持续完善医药领域的知识产权制度建设。在此背景下，此课题深入了解医药行业知识产权保护的现状并识别不足之处，进而为完善相关制度、优化营商环境、推动医药产业高质量发展提供政策参考。

Research on Intellectual Property Protection and Innovation in the Pharmaceutical Industry

Intellectual property (IP) is of great significance for enhancing national core competitiveness, expanding high-standard opening-up, and achieving high-quality development. The biomedical industry is a key sector in the Healthy China 2030 strategy, serving as a crucial pillar for both national health and economic development, and is a typical IP-intensive industry. In recent years, China has continuously refined its IP institution-building within the pharmaceutical industry. Against this backdrop, this project seeks to understand the current status of IP protection in the pharmaceutical industry, identify deficiencies, and accordingly provide policy references for perfecting relevant systems, optimising the business environment, and promoting high-quality development in the pharmaceutical industry.

《关于“十四五”时期儿童事业发展的认识及前瞻思考》

课题组开展并顺利完成关于“十四五”时期儿童事业发展的认识及前瞻思考的课题研究。课题报告在《中国发展观察》刊发。

报告指出，“十四五”时期中国儿童事业取得了令人瞩目的成就，走出一条中国特色社会主义儿童发展道路，积累了宝贵经验。当前，我国儿童事业发展正面临着推进中国式现代化、人口高质量发展、新一轮科技革命加速演进等新形势，这既带来了新的机遇，也带来了新的挑战。“十五五”时期，应突出“投资于人”，考虑将儿童发展纳入国家发展战略的核心指标体系，构建儿童优先的资源配置和保障机制，加大财政投入，进一步向儿童发展，特别是儿童早期发展倾斜，夯实人口高质量发展的基础，推动以人口高质量发展支撑中国式现代化的战略举措落地生根。

Insights into and Forward-Looking Reflections on the Cause of Children during the 14th Five-Year Plan Period

The project team successfully concluded research on insights into the cause of children during the 14th Five-Year Plan period and shared forward-looking reflections. The resulting report was published in *China Development Observation*.

The report indicates that China achieved remarkable accomplishments in advancing the cause of children during the 14th Five-Year Plan period (2021-2025), embarking on a socialist path of child development with Chinese characteristics and accumulating valuable experience. Currently, new circumstances, such as advancing Chinese modernisation, pursuing high-quality demographic development, and the accelerated evolution of the new technological revolution, present both fresh opportunities and challenges for advancing the cause of children. During the 15th Five-Year Plan period (2026-2030), emphasis should be placed on “investing in people”. Consideration should be given to incorporating child development into the core indicator system of national development strategies, establishing child-first resource allocation and safeguard mechanisms, increasing fiscal investment, and further tilting resources towards child development, particularly early childhood development. This will consolidate the foundation of high-quality demographic development and facilitate the implementation of strategic measures supporting Chinese modernisation through high-quality demographic development.

《慧育丛书 婴幼儿养育指导用书》

《慧育丛书 婴幼儿养育指导用书》四册于2025年8月正式出版，这是“慧育中国”项目所使用的活动方案指导用书，是在借鉴国际经验基础上经过充分本土化而形成的。新版丛书将多年的一线实践与前沿科学理念相结合，把专业的儿童发展理论转化为家长易操作的活动方案。该丛书既能够满足我国农村婴幼儿家庭的养育指导需求，也可以作为托育行业从业人员的参考读物，对项目高质量发展有重要意义。

China REACH Series: Infant and Toddler Nurturing Guide Book (Volumes I ~ IV)

The four volumes of China REACH Series: *Infant and Toddler Nurturing Guide Book* were officially published in August 2025. These guidebooks serve as the operational manuals for the China REACH programme and have been fully localised based on international experience. The new edition integrates years of frontline practice with cutting-edge scientific concepts, translating specialised theories of child development into user-friendly activity plans for parents. These volumes not only meet the childcare guidance needs of rural households with infants and toddlers in China but also serve as reference materials for professionals in the childcare industry, holding significant importance for the high-quality development of the programme.

《中国儿童发展评论》

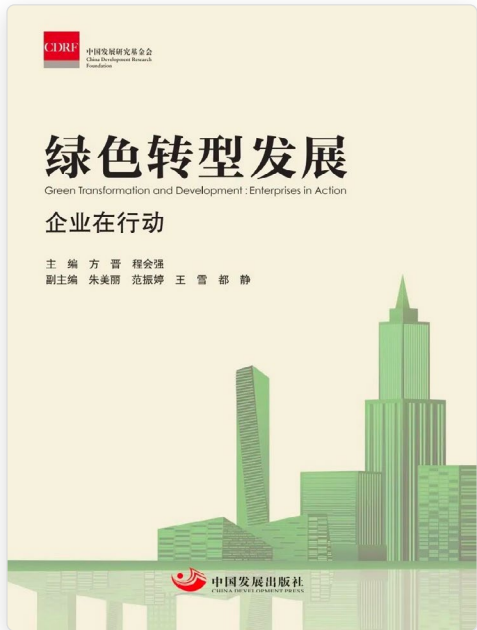

《中国儿童发展评论》旨在推动中国式现代化进程中儿童发展理论创新与政策实践深度融合，总结交流地方实践和模式，积极推介中国经验，同时，介绍国际儿童发展前沿动态，促进国际交流与合作。其内容着重突出地方实践性和政策引领性，以期为各级政府制定儿童发展相关政策提供参考。《中国儿童发展评论·第1集》《中国儿童发展评论·第2集》于2025年分别出版。

China Child Development Review

China Child Development Review aims to foster the deep integration of theoretical innovation and policy practice regarding child development in the process of advancing Chinese modernisation, summarise and exchange local practices and models, actively promote China's experience internationally, and introduce frontier trends in international child development to facilitate global exchange and cooperation. With a strong focus on local applicability and policy guidance, the publication intends to provide a reference for governments at all levels in formulating child development policies. Volumes 1 and 2 of *China Child Development Review* were published separately in 2025.

CDRF 党建群团

PARTY BUILDING,
YOUTH LEAGUE & MASS
ORGANISATION WORK

党建工作
Party Building Work

中国发展研究基金会于2025年11月正式成立党委、纪委，持续提升党建工作质量，自觉以习近平新时代中国特色社会主义思想为指导，扎实开展深入贯彻中央八项规定精神学习教育，不断压紧压实全面从严治党主体责任。通过党建引领凝聚合力，为基金会事业发展提供坚强政治保障。

In November 2025, the CDRF Party Committee and Discipline Inspection Commission were formally established. Since then, they have worked continuously to enhance the quality of its Party building work, consciously followed the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, taken solid steps to advance the educational campaign on fully implementing the central Party leadership's eight-point decision on improving work conduct, and consistently made sure that all the principal responsibilities for full and rigorous Party self-governance were fulfilled. By fostering synergy under the guidance of Party building work, the CDRF secures a robust political guarantee for advancing its undertakings.

群团工作

Youth League & Mass Organisation Work

中国发展研究基金会工会和团支部在党委的领导下，坚持党建带群建，充分发挥桥梁纽带和后备军作用。聚焦职员需求，积极组织文体活动，丰富精神文化生活，营造团结和谐、积极向上的工作氛围，为推进基金会高质量发展汇聚强大力量。

Under the leadership of the CDRF Party Committee, the Trade Union and the Communist Youth League (CYL) Branch of CDRF follow the guidance of Party building work and actively serve as bridges, bonds, and reserve forces. Focusing on staff needs, they actively organised cultural and sports activities to enrich intellectual and cultural life, fostering a united, harmonious, and positive workplace, thereby pooling tremendous strength to advance the CDRF's high-quality development.
